Experience

First Digit Solution

March 2022 - PRESENT

- Deployed and managed Azure virtual machines, storage accounts, and virtual networks to support various projects and applications.
 - Designed and implemented highly available and scalable solutions using Azure App Service.
 - Collaborated with development teams to optimize application performance and ensure seamless integration with Azure services.
 - Design and implement backup and recovery strategies to protect critical data and applications.
 - Implemented Azure monitoring solutions to proactively identify and resolve performance issues, improving system reliability.
 - Assisted in the migration of on-premises applications to Azure, including the assessment, planning, and execution phases.
 - Developed PowerShell scripts to automate routine tasks and streamline Azure resource management.
 - Conducted thorough testing and documentation of Azure environments, ensuring adherence to best practices and compliance standards.
-

Technical Skill

- A strong foundation of knowledge around Microsoft Azure cloud services and the cloud ecosystem
 - Azure Services – VMs, Scale Set, Storage account- Blob & File Share, Virtual Network, V-Net Peering, VPN Gateway, Recovery Service Vault, VM-Fault Tolerance and HA.
 - Other tools used – Git, GitHub, VS Code, Putty, Linux OS
 - Strong problem-solving and analytical capabilities and Innovative thinking.
-

Certifications

- **Microsoft Certified: Azure Administrator Associate (AZ-104)**
 - **Microsoft Certified Azure Fundamentals (AZ-900)**
-

Education

- **Bachelor of Science (B.Sc) - 2016-2019**
S.M.S Govt. Model Science College, Gwalior (M.P.)
- **Senior Secondary (12th) - 2016**
English Medium, Madhya Pradesh
